General Information

The announcer and judges will be on the east side of the street (they will be on your left side as you pass), so any signs, banners, and specialty display should face that direction.

No items may be thrown from the parade entries into the crowd during the parade. This includes candy, balloons, etc. (We do not want to tempt members of the crowd to risk their lives by retrieving items that have landed in the roadway.) If you wish to give candy (etc.) to the crowd, have walkers along with you who can distribute items safely at the sidelines.
